

Pierce Students Collect Pennies For Leukemia, Lymphoma, and Myeloma Patients

September 26, 2003, Waterford, Mich. - Students at Pierce Middle School are participating in the Leukemia and Lymphoma Society's Pennies for Patients Program, which raises funds to find cures for leukemia, lymphoma, and myeloma research and for patients services. Pennies for Patients is one of the Society's National School and Youth Programs. It has a double benefit in that it allows students to develop compassion and learn the value of helping others while they are working for a good cause. For the third year, pop recording artist Mandy Moore will serve as the Program's National Honorary Chairperson along with the U.S. National Soccer Players.

The Pierce Pennies for Patients Program will run for a three week period from September 29 - October 17. The class collecting the most pennies and other spare change in the school will receive a complimentary pizza luncheon from Hungry Howie's. Gift certificates for educational materials will be presented to the top schools in the state.
