

This year we are celebrating the 50th anniversary of Kettering High School; to mark the occasion, a group of Kettering students are creating a book of personality profiles chronicling some of the intriguing alumni who have walked through our doors. The book, a coffee-table style hardcover, will be released this spring. It will be designed and written by current and former Kettering students. Archived photos will be used, in addition to portraits shot by current and former Kettering yearbook photographers. We are printing 1000 copies and selling them for \$20 (or online for \$23.50 to cover processing fees). The book is part of a larger anniversary celebration that will culminate in an open house at the school in June. If you are interested in purchasing additional copies to sell or use as give-aways, that would be fantastic as well. You can also order online right now at [yearbookordercenter.com](http://yearbookordercenter.com). The order number is **13827**. And if you are interested, we are looking for official sponsors as well. We aren't selling ad space in the book itself, but we will provide a list of our sponsors at the end.

Thanks for your support!
